Mayoral Message

Dear Residents

It's hard to believe students have already completed one term of the school year.

But more worrying for parents, is activity planning for the holiday break which comes around quicker than expected.

Coming up with ideas to keep the kids entertained during the school holidays is always a challenge, especially with summer behind us and the arrival of the unpredictable autumn weather.

As a father of four, it's not easy to come up with "cool" ideas they will enjoy while at the same time not breaking the family budget.

Council wants to ensure no kid misses out these holidays and has come up with an extensive list of fun free and low-cost things to do.

From 15-26 April, your children can choose from a range of free offerings at our libraries including family favourite movie screenings, colourful kite decorating and learning coding with Kubo robots.

For a small fee, kids can also head over to see the unique wildlife at Taronga Zoo, get their groove on at the ice-skating disco or even improve their soccer skills at the Western Sydney Wanderers soccer clinic.

And if that's not enough, there's CBCity's STEM kids group for our science and maths enthusiasts, kids clay club for the creative minds and anime meet ups for all of our anime lovers.

There is something interesting for all children enjoy.

I encourage all parents to check out the fun activities on offer to keep the kids occupied these school holidays.
